Communication:

Tezpur is a small town which is located about 177 km away from the state headquarter, Guwahati city. It is about 3 hours journey from Guwahati to Tezpur. Nearest bus stop is Paruwa Chariali and Mission Chariali. From Paruwa chariali it is about 2 km to Darrang College and from mission chariali it is about 4 km. Both public and private vehicle is easily available from the bus stop. Tom facility is common in Tezpur city.

About the College:

Established in 1945 by the people of Tezpur, Darrang College was permanently affiliated to Gauhati University in 1953. With the motto of "Be a Jewel among men", it has been uninterruptedly working for fruitful dissemination of knowledge to its pupils with the solemn aim of making them worthy citizens of the country. The claim has been vindicated by a large number of alumni glittering in the national and international arena.

About the Department of Geography (Darrang College):

The Department of Geography, Darrang College was established in the year 1960, and had started the major course in the year 1965. After passing a glorious 50 years, the department is now upgraded to a Post Graduate Department in the year 2016, with faculty strength of 06 permanent teachers and 02 guest teachers at present. The department has a total intake capacity of about 700 plus students (150 major students, 40 PG students, 200 general undergraduate, and 300 HS Students) in a single academic session.

Darrang College, geography department has relentlessly produced some brilliant geographer's rendering their valued services across Brahmaputra valley in various positions over a span of more than 5 decades. The alumnus of the department are working in the field of teaching, non-teaching from schools to university level and various administrative services and other government and non-government sectors.

About the Seminar:

Resources are the backbone of society; they provide inputs for production of goods and services along with the environment services. In contemporary time with rapid increases of population, these resources are being rapidly used by the people for their own needs. In addition, there are evidences that degradation are taken places in various forms, caused by natural and anthropogenic factors that have made our resources over exploited. It is our concern how the individual, communi-

ties, NGOs and state use these limited resources available in recent times with proper rationally adopting strategic approaches for sustainable consumption and production, keeping in mind about the depletion of natural resources.

Resources management either at International level, National level and local level is a great concern in contemporary period. Sustainable use of resources is the key to the well-being of the society and Environment. An understanding on the recent approaches on resources and sustainability with special reference to rural development in North-East India along with its problems and prospects to maintain the quality of life on earth, we the P.G. Department of Geography, Darrang College affiliated under Gauhati University has taken the initiative to stimulate and enhance discussions on sustainable use of resources in the context of socio-economic development.

The National Seminar under the Broad Domain of "Resources, Sustainability and Rural development; Problems and Prospects with special reference to North East India" shall have the following sub-themes:

Broad Sub-Domain:

- Sustainable Development: Social and Economic Determinants
- Management of Forests and Water Resources.
- Soil conservation: Agriculture practices and Land use, Developments in Plantations Sector
- Application of geo-spatial technology in natural resource management.
- Community based sustainable resource management: Understanding Traditional Ecological Knowledge.
- Wetlands and its sustainable development.
- Rapid expansion of urban landscapes and its impact on peripheral zone
