Dear,

Sir/Madam

The IQAC, Darrang College is planning to celebrate the "World Environment Day" on 5th of June-2023 in our adopted village, Bahbari-Dekachuburi by planting and distributing saplings among the School students.

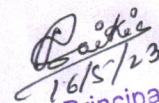

We would like to request our willing honourable Faculty Members, Office Staff and Library Staff to provide us different kinds of saplings of their choice. Moreover we earnestly request all the members to come forward with their valuable suggestions and seek their active participation in the programme on that day.
