## Online Weeklong Faculty Development Programme (FDP) on ICT Tools for Effective Teaching and Learning
### 22-28 June 2023

*Organized by*
**Teaching Learning Centre**
**Tezpur University**
*In association with*
**IQAC, Darrang College, Tezpur and  IQAC, Government Model College Kaziranga,  Kohora**

Teaching Learning Centre (TLC), Tezpur University is organizing an **Online Weeklong Workshop on ICT for Effective Teaching and Learning** during 22-28 June 2023. The workshop is being organized by TLC, Tezpur University set up under PMMMNMTT Scheme, Ministry of Education, Govt. of India in association with Darrang College, Tezpur and Government Model College Kaziranga, Kohora. Teaching Learning Centre, Tezpur University has been conducting Refresher Courses, Faculty Induction Programs and other training Programs including various ICT training programmes for teachers of higher education as per PMMMNMTT mandate since 2016. Since April 2020 TLC, Tezpur University has been conducting all training programs in Online mode following the UGC and PMMMNMTT Guideline. All short term and long-term teacher training programs conducted by PMMMNMTT components are considered for Career Advancement Scheme (CAS) for teachers of higher education as per UGC Regulation 2018.

Online educational methodology and flipped-classrooms with associated pedagogy of active learning, have quickly emerged as the mainstay of effective education in this century. Blended learning has achieved great impact thanks to the interaction between teachers and students, generating positive results in the teaching and learning process. The methodological aspects used with blended learning based on the use of ICT to develop both online and virtual activities allow the participant to develop cognitive, competitive, critical, and constructive thinking skills for problem solving.  The UGC has already recommended a Blended Mode of learning where up to 40% teaching can be done in Online mode. Thus, the knowledge of ICT tools useful for higher education and the training for the effective use of such tools are necessary for all.  Main objective of this FDP is to create skills and competencies for proper and effective use of ICT in education.

The workshop will include live sessions and pre-recorded video sessions disseminated in online mode. There will be mechanism to trace the participation in each session. Feedback and assignments will be compulsory for all. The details will be shared after the registration process is complete.

Note: *Those who attended our FDP on ICT earlier may not apply for this program, as this program will reuse some of the previously recorded sessions.*

**Course Content:**

- Online/blended Learning in teaching-learning
- Content management, class organization, assessment in MOOC.
- E-content generation, storage and dissemination
- Online Teaching Learning tools
- Online assessment tools

**Course plan:**

- There will be approximately 35 hours of engagement including live and recorded sessions, practice sessions, etc.
- Recorded sessions may be joined as per participant's convenience.
- It is desirable to join the live sessions as per scheduled time for direct interaction with resource person.
- Discussion Forum through Google classroom and WhatsApp Group open for all (Moderated by TLC).
- Proper balance of activity and assignments.
- Online Feedback on each session.
- There will be one assignment and one objective test compulsory for all.

**Who can apply?**

The workshop is open to teachers (regular/ad-hoc/temporary) and research scholars from any Indian university/college/institutes. NOC or Leave is not required for enrolling in the programme.

**Certification criteria:**

- Submitting all feedback and assignments and appearing in the objective test are mandatory, and each participant should score a minimum of 50% in total to avail themselves of the programme completion certificate.
- Completion certificates based on performance will be awarded to the participants.
- As part of the Ministry of Education's requirement under the PMMMNMTT scheme, all participants need to submit online feedback for each session.
- Failing to meet any of the above conditions will result in the denial of a certificate of completion to the participants.

**Registration:**

Registration is mandatory for all the participants of the workshop. Interested participants are required to register online on or before 20 June 2023 by paying an enrollment fee of INR 800/- (Non-Refundable).
