The NSS Unit of Darrang College organized a cleanliness drive on 12th February 2025. The programme was held inside the college campus with the aim of clean and green environment awareness.

Volunteers took part in the planning and smooth conduct of the programme. They helped with arrangements, maintained coordination, and ensured that the event progressed in an orderly manner.

A total of 25 NSS volunteers attended the programme. Their presence not only supported the event but also allowed them to learn about promoting hygiene, environmental awareness and community responsibility. The programme encouraged the participants to create a cleaner and healthier environment. The target area became visibly cleaner and more organized. The drive promoted team-work responsibility and environmental consciousness.
