REPORT ON BLOOD DONATION AWARENESS DRIVE

Date : 7th and 8th August 2026

Organized by : NSS Unit, Darrang College (Autonomous), Tezpur, in collaboration with Tezpur Medical College and Hospital, along with the NCC Units of Tezpur College and Darrang College (Autonomous)

Number of Participants : 18 NSS Volunteers

The NSS Unit of Darrang College (Autonomous), Tezpur, in collaboration with Tezpur Medical College and Hospital, along with the NCC Units of Tezpur College and Darrang College (Autonomous), participated in a two-day Blood Donation Awareness Drive held on 7th and 8th August 2026. The programme was organized as a preparatory initiative for the Blood Donation Camp scheduled to be held on 9th August 2026. The main objective of the awareness drive was to spread awareness among students and the general public about the importance of voluntary blood donation and its role in saving lives.

On 7th August 2026, the first day of the awareness drive was conducted within the premises of Darrang College (Autonomous). Students and volunteers from the participating NSS and NCC units took part in the programme. The Principal of Darrang College (Autonomous) addressed the students and volunteers and highlighted the importance of blood donation and its contribution towards saving lives. He encouraged the students to understand the significance of voluntary blood donation and motivated them to actively participate in the upcoming blood donation camp.

The interaction also emphasized the importance of spreading awareness among others and encouraging eligible individuals to contribute towards this noble cause. The volunteers were encouraged to take responsibility for creating awareness and motivating more people to participate in the blood donation camp.

On 8th August 2026, the second day of the awareness drive focused on reaching out to the wider community. NSS and NCC volunteers went outside the college campus and interacted with members of the general public. They informed people about the Blood Donation Camp scheduled for 9th August 2026 and created awareness about the importance of voluntary blood donation.

The volunteers encouraged eligible individuals to come forward and participate in the camp while explaining how donated blood can help patients during emergencies, accidents, surgeries, and other critical medical conditions. The outreach activity helped the volunteers take the message of voluntary blood donation beyond the college campus and into the surrounding community.

The two-day awareness drive helped create awareness among students and members of the general public about the importance of voluntary blood donation. It provided NSS volunteers with an opportunity to actively participate in a meaningful community service initiative and develop a greater sense of social responsibility. The programme also encouraged eligible individuals to contribute towards the upcoming Blood Donation Camp and support the cause of saving lives.
